<p><u>Adam Technologies, Inc.</u> Connectors: RJ11, RJ45, GBIC, SCA2, D-Sub, SCSI, USB, V.35, Firewire, IEC, Card Edge, Din, HDMI, Mini Din, Audio, Power Jacks, headers, Sockets: PLCC, DIP, SOJ, DIMM & Simm. Power Cords. BNC, Twinax, SMA, MCX, MMCX, RCA, UHF, etc. ; Relays; EMI/RF Power Line Filters; Terminal Blocks</p>	<p><u>Cinch</u> Commercial: Highspeed Infiniband; QSFP Cables; AMC Connectors; iQ; Cin::Apse; Cable Assemblies; D-Subs; Din; Ribbon; Terminal Blocks; Jones Plugs/Sockets; RF, BNC and BBF Connectors Automotive: ModICE; SHS and SHS Harness Military: Circulars; Cin::Apse; Duracon High Density Micromin Connectors; MIL-C-26500 (BACC approved), MIL-C-83513, MIL-C-83515, and MIL-C-24308; Hermetically Sealed Micro D</p>
<p><u>ERNI</u> High-speed and high-power backplane, daughtercard, and mezzanine connectors and cable assemblies for IDC, pressfit, surface-mount, wave solder, and reflow solder applications. Turnkey systems engineering and assembly</p>	<p><u>General Devices</u> Chassis-Trak Slides: Ball Bearings; Solid Bearing; Bottom Mount; Roller Bearing; Customer Design Hardware: Rack Mount Drawers and Shelves; Brackets; Custom Assemblies</p>
<p><u>Grayhill</u> Switches: Rotary; Optical Encoder; DIP; Tact, Rocker, Toggle & Slide; Pushbutton Joysticks: Encoder; 5 Way Keypad: Standard, Custom, Front Panel Assemblies Control Products: I/O Modules; Racks, Controller Boards Can Bus Keypads</p>	<p><u>LG Philips LCD</u> AMTFT & Tansflective Panels: 6.4" to 30"; TTL; LVDS; DVI Interfaces; Monitors; Controller Cards</p>
<p><u>Murata</u> DC to DC Converters; Microwave Cable & Switch Connectors; Inductors (LQs); Sensors; EMI Suppression (BLMs); Resonators; Piezos; Multilayer Ceramic Capacitors; 802.11, Zigbee and Blue tooth module capabilities</p>	<p><u>Silicon Image</u> Digital Video Interface; RAID; Fiber Channel; Serial ATA Storage</p>
<p><u>Synapse</u> End to end solutions for embedded wireless control and monitoring networks. Plug in 802.15.4 compliant, FCC certified SNAP Pro & SNAP (Synapse Network Appliance Protocol) based RF engines (1.3" x 1.3"), repeaters and end devices. Full Zig-bee support with available custom design and implementation services. Network evaluation kits. PC-based Synapse Portal Pro & Portal Network Administration software.</p>	<p><u>TG3 Electronics</u> Custom and Semi-Custom Keyboards: MX Full Travel Mechanical Action; Full Travel Membrane; ML Notebook Profile Mechanical Action; Control Panel Keyboards; Flat Panel Membrane & Elastomeric Rubber; Backlit Illuminated Keyboards; Medical Keyboards; Industrial Control Panels</p>
<p><u>TT Electronics</u> BI TECHNOLOGIES: Fixed Resistors: Thick Film, Thin Film & Custom Networks. Magnetics: Power & Signal Magnetics. Hybrid Microcircuits: Standard & Custom. Variable Resistors & Sensors: Trimmers, Turns Counting Dials, Precision Pots, Panel Pots, Tactile Switches, Encoders & Sensors IRC : Precision Discrete and Network Resistors. Thin Film Tantalum Nitride discretes and Networks, Thick Film Low and High Voltage Chips, Wirewounds and Assemblies & Cylindrical SMT Resistors OPTEK: Standard and Custom solutions for Optoelectronic sensors and switches, visible LEDs and LED Assemblies, Magnetic Sensors & Fiber Optic components SEMELAB: Hi Rel Power Products: Linear, Multichip Arrays, RF Products, Opto Products</p>	<p><u>Trident Space and Defense</u> Advanced semiconductor packaging solutions for custom multichip modules and system-in-a-package platforms as well as standard and customized, secure Solid State Drives (SSD's) for industrial, aerospace, military and defense applications.</p>
<p><u>Wakefield Thermal Solutions</u> Thermal management solutions; Heatsinks, Machined Assemblies; Extruded Aluminum Products; Natural Convection, Forced Air and Custom Bonded Fin Extrusions; Cold Plates for Liquid Cooling; Thermal Design and Application Engineering Services; Non-thermal Fabricated and Aluminum Extrusions..</p>	<p><u>ZF Cherry Electrical Products</u> Switches: Snap Action; Thumbwheel; Pushwheel; Keyswitches and Rockers Keyboards: Advanced Performance and General Purpose Sensors: Magnetic; Proximity; Speed and Direction; Angular; Standard and Custom</p>
